

# Join JNF as we Clean Up The Capital

**Did you know** that each person in Ontario generates almost **one ton of garbage per year?**  
This garbage often ends up in our parks, waterways, and ecosystems.  
Each year, almost 10,000 metric tons of plastic ended up in our rivers and lakes.

**Tikkun Olam - repairing the world - starts with repairing our own neighbourhoods.**

**Sunday, April 30, 2023  
(Rain Date Sunday, May 7th)**

Bring your own supplies or we can provide some for you.

JNF Canada has served an environmental mission in Israel for decades, by planting trees, building water reservoirs, and laying hundreds of kilometers of bike trails. Join us as we serve our environmental mission right here in our own community.

Join a JNF Ottawa team near you - we have various locations around Ottawa.

Register so we know you're coming: <https://jnf.ca/ottawa/cleaning-the-capital>
