WHO WE ARE

JEWISH NATIONAL FUND

For many years, the Jewish National Fund of Canada has been responsible for the well-being of the land of Israel, undertaking various projects such as planting trees, constructing water reservoirs, preserving natural habitats, and building parks and bicycle trails. These efforts are ongoing and continue to this day.

In recent times, JNF Canada has expanded its mission to include building the social infrastructure of Israel for the benefit of its people. We collaborate with numerous significant institutions and organizations in Israel to establish social service infrastructure that benefits vulnerable populations, including youth-at-risk, victims of domestic abuse, children with special needs, veterans, and disadvantaged individuals.

By donating to the Jewish National Fund, you can direct your support towards our diverse programs and projects, which have the potential to transform the lives of citizens in every part of the country. Rest assured that your donation will be utilized where it is most needed.

JNF FUTURE

JNF Future is the bridge connecting the next generation to Jewish National Fund, a leading organization dedicated to driving progress and development in Israel. By engaging and empowering young leaders aged 25 to 45, JNF Future is committed to promoting innovation, environmentalism, and community building in Israel. With a focus on programming, events, and missions, JNF Future is dedicated to fostering the development of future Jewish leaders.

Our goal is to increase support and raise funds for JNF initiatives, ultimately improving the lives of all citizens of Israel. Together, we can build a bright future for Israel.

“WE BUILD ISRAEL TOGETHER”!

THE EVENT

Hosted by **Lawrence Corber**, a well-known comedian who has graced the stages of Just for Laughs, Sirius XM, and CBC radio. With his impressive comedy skills and extensive experience, he is sure to make your night of trivia and laughter an unforgettable one.

OUR GAME FORMAT

Participants will utilize their smartphones or tablets to connect to a livestream of questions, inspired by the widely popular HQ app played by millions worldwide. The brightest and most skilled players will be rewarded with exciting prizes.

ENJOY A VIP EXPERIENCE

You can purchase the preferred VIP tickets, which provide access to a networking cocktail dinatoire hosted by Lawrence Corber, along with an open bar. Additionally, the ticket includes two drink tickets for the rest of the event.

THE PROJECT

The Climate Solutions Prize (CSP) was created to incentivize and motivate the best and brightest non-for-profit researchers and/or organizations in Israel and Quebec to develop breakthrough solutions to curb the climate crisis. Over 2 million USD in annual prizes will fund the most innovative, high global impact, executable ideas as evaluated by a world class judging panel.

The inaugural winners were announced at a Climate Solutions Prize Gala on October 26th, 2022, culminating the first-ever Climate Solutions Festival at the Hulda Forest, outside Tel Aviv, where Israeli and global Greentech ideas and innovations were showcased to over 1,000 attendees.

On May 23rd and 24th, 2023, The Quebec Climate Solutions Festival will take place at the Grand Quai in the Old Port of Montreal, where over 700 attendees will come together for two days of keynotes, fireside chats, live pitches, and demonstrations, showcasing Quebec's top minds who are working to make Quebec the leader in the fight against climate change. Over \$300,000 in funding will be awarded to Quebec's best and brightest minds to help push their work in solving the climate crisis.
