IS PROUD TO SUPPORT**

Sheltered Classrooms in Northern Israel

It's been many months since Noah and his friends had to run away from their home because the drone attacks and Hezbollah bombs wouldn't stop falling around. His school is closed, and his friends have been relocated and scattered in different central towns of Israel. Noah is not learning and playing as he used to. He is falling behind. Like thousands of northern Israelis, Noah would like to return home and go back to a safe classroom. This year, at the request of residents, JNF Canada has committed to building and supporting sheltered classrooms, providing both safety and a sense of normalcy in these uncertain times. These fortified classrooms that will be built in Kibbutz Lehavot Habashan and in Kiryat Shemona, are more than just protective structures; they are sanctuaries where children can learn without fear. Once they return to their homes, our children of the Upper Galilee require a safe and nurturing environment to learn and grow. Please help Noah and his friends learn and play safely again.

WHAT IS THE JEWISH NATIONAL FUND?

For decades the Jewish National Fund of Canada has served as the caretaker of the land of Israel. This mission took the role of planting trees, building water reservoirs, preserving natural habitats, and building parks and bicycle trails.

More recently, JNF Canada has taken on projects to build the social infrastructure of the land of Israel for the benefit of the people of Israel. We collaborate with a variety of important institutions and organizations in Israel to build social service infrastructure to benefit vulnerable populations such as youth-at-risk, victims of domestic abuse, special needs children, veterans and the poor.

**JNF Canada is Building the
Foundations of Israel's Future.**

THANK YOU

Thank you for supporting our efforts to help build Sheltered Classrooms in Northern Israel
